DETAILED ACTION

Response to Amendment

Applicant's arguments filed 4/5/2007 have been fully considered but they are not persuasive. The Amendment and the response submitted by Applicant do not overcome the rejection made by Examiner in the last office action.

The rejection under USC 112, Second paragraph, over claims 1,6 and 19 is hereby withdrawn in view of the Amendment to the claims.

Claims 1-6,10-14, 19 and 21-24 (new added claims) are rejected under 35 U.S.C. 103(a) as being unpatentable over Shen et al (5,854,386).

The rejection is maintained for the reasons as stated in the last office action and for the following reasons:

Applicant's arguments are based on the use of a specific halogenated compound having one or more hydroxyl groups.

Note that said compound is read on "the stabilizers corresponds to mixtures containing alkanol in that alkylene is substituted by halogens such as fluor-, chloro- or bromo-, as halogen containing alcohols, in that the claimed initiators in claims 1,5,10,19 and 23 are included.

The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.

THIS ACTION IS MADE FINAL. Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

Art Unit: 1711

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
